GLASS

L'arte e la lavorazione del vetro in Italia ha storia antica, giunta sino ai nostri giorni con gioielli come le murrine veneziane o gli oggetti della ceramica vietrese.

The art of Italian glassmaking has an ancient history that includes numerous authentic gems, such as Venetian murrine and Vietri ceramics.

É da questa attenta ricerca nel fare e nella scelta degli smalti che Glass prende ispirazione. Un rivestimento in bicottura, nel formato 20x60 cm, messo a punto con colori attuali, dal gusto ricercato, con una superficie lucida, vetrosa.

Glass takes its inspiration from these time-perfected techniques and choice of enamels. It is a double-fired tile, in a 20x60 cm format, enhanced by refined, contemporary colours, ranging from yellow to green and lavender to blue covered by a glossy, glassy finish.
